## **NOTICE OF APPLICATION AND HEARING FOR AN ELECTRICITY DISTRIBUTION RATE CHANGE**

### **Parry Sound Power Corporation**

Parry Sound Power Corporation ("Parry Sound Power") filed a cost of service application with the Ontario Energy Board (the "Board") on October 15, 2010, under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B), seeking approval for changes to the rates that Parry Sound Power charges for electricity distribution, to be effective May 1, 2011. The Board has assigned the application File No. EB-2010-0140. The Board's decision on this application may have an effect on all of Parry Sound Power's customers.

Any change to Parry Sound Power's distribution rates will cause its delivery charges to change. Delivery charges are one of four regular items on residential and general service customers' electric bills and vary depending on the amount of electricity consumed.

Parry Sound Power indicates that if the application is approved as filed, Residential customers consuming 800 kWh per month would experience an increase of approximately 39.0% in their delivery charges. There would be an increase of \$20.21 per month on their total bill. General Service customers consuming 2,000 kWh per month and having a monthly demand of less than 50 kW would experience an increase of approximately 37.3% in their delivery charges. There would be an increase of \$37.56 per month on their total bill. The proposed change to the delivery component of the bill is separate from other potential changes to electricity bills, which could include changes to the "electricity" charges, changes to transmission charges and changes to other components of the bill. This application deals only with the potential change in the delivery component of the bill that may result from changes in the distribution rates.

### **How to see Parry Sound Power's Application**

Copies of the application are available for inspection at the Board's office in Toronto and on its website, <http://www.oeb.gov.on.ca/oeb/industry>, and at the offices of Parry Sound Power.
